

# DROPPED OBJECTS POTENTIAL KILLERS

## FACT:

Dropped objects are a common problem for everyone in the Oil & Gas and Marine industries

## FACT:

The number of dropped objects within our industry is intolerably high

## FACT:

Serious injuries and fatalities occur all too regularly as a result of dropped objects

## FACT:

The DROPS scheme is a common solution to eliminating injury and damage to people, structures and equipment

## FACT:

The one ingredient critical to the success of DROPS is your support and commitment

**DROPS**  
DROPPED OBJECTS  
PREVENTION SCHEME

CHOOSE YOUR FUTURE **MAKE A DIFFERENCE**
