

# SHARING LEARNING IMPROVING...

## DROPS SUPPORT WORLDWIDE

The DROPS Global Steering Committee is based in the UK and plays the pivotal role in the management and administration of all business, communications and key decision-making.

DROPS North America and DROPS Asia-Pacific Chapters actively engage in promoting best practice collaboratively throughout each region through Forum and Committee events.

## DROPS MEMBERSHIP

Whilst this provides funding to maintain the administration functions, it invites members to participate, contribute and help drive the direction of the global initiative.

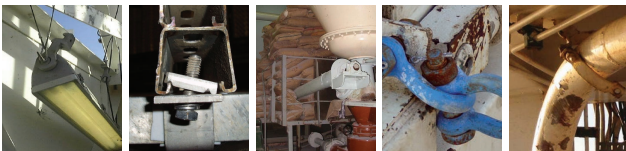

## DROPS TRAINING

DROPS Train The Trainer is a customizable modular familiarization product delivered to personnel (onshore or offshore) who will in turn adapt the content and cascade the training throughout their organizations.

DROPS also host a DROPS Awareness self-paced eLearn Module available through the DROPS Academy.
