

**BRACE YOURSELF**  
**WINTER**  
**IS COMING**

# BEFORE ALL TASKS

Before all tasks consider the prevailing weather and potential for high winds, hail, sleet, snow, fog and poor visibility

Ensure worksite is clean and tidy with adequate lighting including areas at height above walkways/worksites/ equipment

Prepare worksite, equipment, signage and vehicles by clearance of snow, frost and ice

Consider postponing the task until weather improves

CHOOSE YOUR FUTURE MAKE A **DIFFERENCE**
